Two Scheme Creditors submitted account holder letters in respect of the Scheme Meeting but abstained from voting.

In order to be passed, the resolution required a majority in number, representing 75 per cent. of the aggregate voting value, of the Scheme Creditors present and voting either in person or by proxy, to vote in favour and, accordingly, we are able to confirm that the resolution was CARRIED.

In arriving at the above results, we have scrutinised the proxy cards received by us.

As at 5.00 p.m. (New York Time) on 10 November 2016 (being the Record Time), there were 1,931 Scheme Creditors holding Scheme Claims with an aggregate voting value of US\$740,322,929.92 and constituting 85.02 per cent. of all Scheme Creditors by value.

The total value of the Scheme Claims has been calculated by adding the Scheme Claims in respect of the Retail Notes to the Scheme Claims in respect of the High Yield Notes. The Retail Notes are denominated in Sterling and so have been notionally converted into US Dollars at an exchange rate of 1:1.2238 (being the Scheme FX Rate) for the purpose of calculating the value of those Scheme Claims in connection with voting at this Scheme Meeting.
